

# Happy Home – the building

**Front view of main building  
(to be repainted)**

Here are some pictures and a map of the buildings of Happy Home. We have two buildings, one large front building (top picture) that needs the roof changed and will therefore not be used at start. The smaller back building is in better condition and big enough to host 15 children.

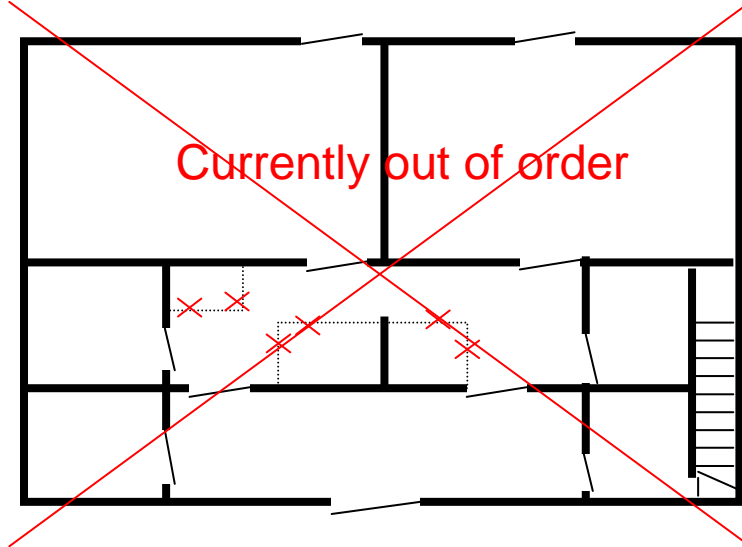

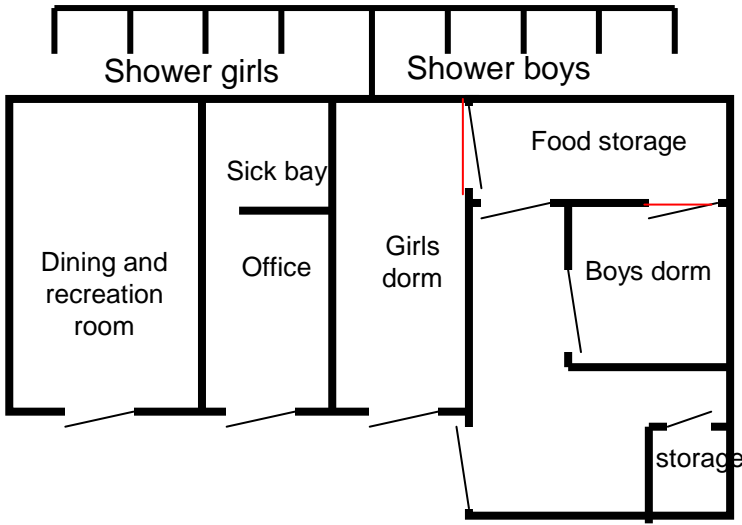

**Side view  
and side gate**

**The temporary water well. In future, we'll fix the water tank under the building**

**Girls dorm (wooden panels to be changed into windows)**

**Future dining room**

**The building and its roof to be fixed in future**
